Snowmobile Insurance

In Vermont you need to have **liability insurance** in place in order to ride public trails. You must also register your machine and display a current **TMA** (Trail Maintenance Assessment) sticker from a local VAST Club. Your insurance, VAST memberships and TMA's are all available here at Farm Country Insurance. Additionally, if you were born after 07/01/83, you need to complete a Snowmobile Education Course. This can be done online [here](#). See the complete Vermont law [here](#).

Farm Country Insurance offers snowmobile coverage from many of the finest companies in the industry and we can write the policy that best fits your circumstances.

Some available snowmobile policy features are:

- Liability and Physical Damage for your snowmobile
- Optional Attached Equipment Coverage
- Physical Damage Coverage available for Transport Trailers valued up to \$10,000
- Medical Payments Coverage
- Carried Contents coverage
- Enhanced injury protection
- Total Loss Coverage ...this option will pay MSRP of a current model year snowmobile of the same make/model for a total loss.
- Disappearing deductible plans
- Accident forgiveness and small claims forgiveness plans
- A wide range of available discounts including a good driver discount, safety course discount, advance quote discount, paid in full discount, multi vehicle discount, companion policy discount, transfer discounts, and safety course discount.
- 24-hour, toll-free claim reporting
- Expert claims service
- Convenient payment plans

Get ready for riding, stop in or call us at Farm Country Insurance and let us craft a snowmobile policy that fits you.
